REYMUNDO G. RAMIREZ
BARANGAY BUHAY NA TUBIG
IMUS CITY, CAVITE

Greetings of Peace!

Dear Honorable Ramirez,

The **Berlex Ville HomeOwners Association Incorporated** is a nonstock profit community association duly organized and existing the laws of the republic of the Philippines, at Buhay na Tubig, Imus City Cavite.

The association was registered in HLURB in October 2012. The community has cooperative members who've lived for almost eight years in said community. We are a small Subdivision that stands and intended to develop for our future generation.

In line with this intention, we are humbly writing this letter to inform you of the bad condition of the road in Antonio Jarin Street. For the last eight years the rough road had given us hard days especially during the rainy season. It is also dreadful for our children passing through day by day going to school. This road also served as our right of way going in and out of the Buhay na Tubig Road.

Every individual will surely be grateful for the support you could extend which will greatly help the entire community.

Anticipating your kind approval on this matter.

Sincerely Yours,

MARIVIC M. MIQUIABAS
